Key Benefits of the Report:

1 **Quick Access to Exam Results**:

Faculty can promptly retrieve results for a day's exams, enabling faster registration of students for remedial sessions and providing timely feedback on class performance.

2 **Comprehensive Performance Reporting**:

The ability to specify a date range allows for both holistic and detailed views of student and class performance, supporting targeted insights and actions.

3 **Streamlined Data Export**:

The portal offers a simple and efficient way to extract pass/fail reports into Excel, facilitating deeper investigation where needed.
